## English

### Manuals supplied

**Quick Start Guide (this document)**  
Provides you with instructions on how to connect the unit with BLUETOOTH devices and basic operations.

**Reference Guide**  
Provides you with precautions and product specifications.

**Help Guide**  
Read the Help Guide on your computer or smartphone, when you want to know how to use the unit in greater detail. The Help Guide also contains a troubleshooting guide which provides you with remedies for the problems you might encounter.

Two-dimensional code:

### Charging the unit

This unit has a built-in lithium-ion rechargeable battery. Charge the battery by using the AC adaptor supplied before you use the unit.

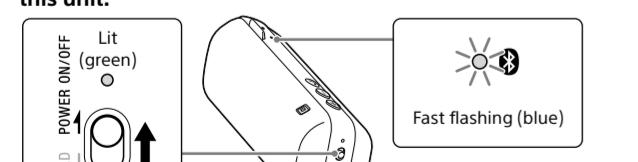

Charging starts when the unit is connected to an AC outlet via the AC adaptor, and the CHARGE indicator (orange) lights up. Charging is completed in about 3 hours and the indicator goes off.

**Pairing and connecting with the BLUETOOTH device**  
Select your case from the 4 pairing types, below.

**Pairing with the BLUETOOTH device for the first time (Auto pairing)**

**1** Slide and hold the POWER/HOLD switch to POWER ON/OFF until the power indicator lights up in green to turn on this unit.

**2** Perform the pairing procedure on the BLUETOOTH device to detect this unit.

When the list of detected devices appears on the display of the BLUETOOTH device, select "SONY:SRS-BTS50".

If passkey input is required on the display of a BLUETOOTH device, input "0000".

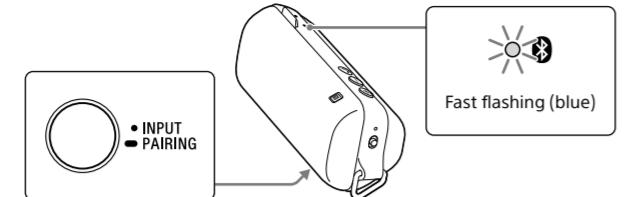

**3** Make the BLUETOOTH connection from the BLUETOOTH device.

When the unit is connected with the BLUETOOTH device, the BLUETOOTH indicator (blue) stops flashing and lights up.

**Pairing with 2nd and more BLUETOOTH devices (Manual pairing)**

**1** Turn on the unit.

**2** Press and hold the PAIRING button for about 2 seconds until the BLUETOOTH indicator (blue) starts flashing fast.

**3** Perform steps 2 and 3 of "Pairing with the BLUETOOTH device for the first time (Auto pairing)."

**Connecting with the paired device**

**1** Turn on the unit.

**2** If the BLUETOOTH indicator (blue) is turned off, press the INPUT button once to make the BLUETOOTH indicator (blue) flash.

**3** Make the BLUETOOTH connection from the BLUETOOTH device.

**One-touch connection with a smartphone**

By touching the unit with a smartphone, the unit is turned on automatically and then proceeds to pairing and BLUETOOTH connection.

NFC

NFC (Near Field Communication) is a technology enabling short-range wireless communication between various devices, such as mobile phones and IC tags. Thanks to the NFC function, data communication can be achieved easily just by touching the relevant symbol or designated location on NFC compatible devices.

**1** Set the NFC function of the smartphone to on.

For details, refer to the operating instructions supplied with the smartphone.  
• If your smartphone OS is Android 2.3.3 or later, and less than Android 4.1: proceed to step 2.  
• If your smartphone OS is Android 4.1 or later: proceed to step 4.

**2** Download and install the app "NFC Easy Connect."

"NFC Easy Connect" is a free Android app you can download from Google Play. Download the app by searching for "NFC Easy Connect" or access it by using the following two-dimensional code. Fees may be charged for downloading the app.

By the two-dimensional code:  
Use a two-dimensional code reader app.

**Note**  
• The App may not be available in some countries and/or regions.

**3** Start the app "NFC Easy Connect" on the smartphone.

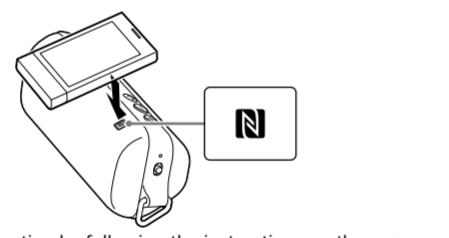

Make sure that the application screen is displayed.

**4** Touch this unit with the smartphone.

Unlock the screen of the smartphone beforehand.

Touch the smartphone on the N marked part of this unit.

Keep touching the unit with the smartphone until the smartphone reacts.

Complete the connection by following the instructions on the screen. When the BLUETOOTH indicator (blue) stops flashing and remains lit, the unit is connected with the device.

To disconnect the unit, touch it with the smartphone again.

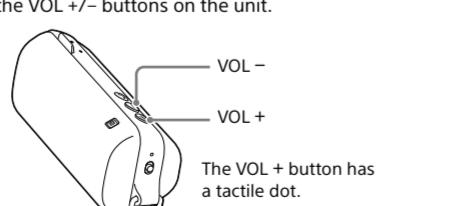

**Hint**

If you cannot connect the unit, try the following.  
• Start the app on the smartphone, and move the smartphone slowly over the N mark of the unit.

• If the smartphone is in a case, remove it from the case.

**Listening and Calling**  
Operate the unit after making BLUETOOTH connection with your BLUETOOTH device.

**Listening to music**  
Profile: A2DP, AVRCP  
Start playback on the BLUETOOTH device, and adjust the volume. Set the volume at an appropriate level on the device connected, and adjust the volume with the VOL +/- buttons on the unit.

**2** Perform the pairing procedure on the BLUETOOTH device to detect this unit.

When the list of detected devices appears on the display of the BLUETOOTH device, select "SONY:SRS-BTS50".

If passkey input is required on the display of a BLUETOOTH device, input "0000".

**3** Make the BLUETOOTH connection from the BLUETOOTH device.

When the unit is connected with the BLUETOOTH device, the BLUETOOTH indicator (blue) stops flashing and lights up.

**Making a call/Receiving a call**  
Profile: HSP, HFP

Operate your mobile phone to make a call.

To terminate a call, press the button on the unit.

Press the button on the unit when an incoming call arrives.

Operate in the same way when an incoming call arrives while you are listening to the music.

### Manuels fournis

**Guide de démarrage rapide (ce document)**  
Ce guide fournit des instructions sur la procédure de connexion de l'appareil aux périphériques BLUETOOTH et décrit les fonctions de base.

**Guide de référence**  
Ce guide fournit les spécifications du produit et vous informe des précautions à prendre pour l'utiliser.

**Manuel d'aide**  
Consultez le Manuel d'aide sur votre ordinateur ou votre smartphone lorsque vous voulez utiliser les fonctions plus avancées de l'appareil. Le Manuel d'aide contient également un guide de dépannage qui propose des solutions aux problèmes que vous pouvez rencontrer.

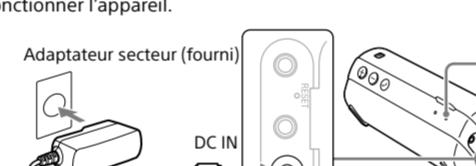

URL : <http://rd1.sony.net/help/speaker/srs-bts50/zz/>

Code en deux dimensions :

### Chargement de l'appareil

L'appareil est équipé d'une batterie rechargeable intégrée au lithium ion. Pour recharger la batterie, utilisez l'adaptateur secteur avant de faire fonctionner l'appareil.

Le chargement démarre lorsque l'appareil est connecté à une prise secteur via l'adaptateur secteur et le témoin de CHARGE (orange) s'allume. Le chargement dure environ 3 heures et le témoin s'éteint.

### Pairage et Connexion avec le périphérique BLUETOOTH

Sélectionnez l'un des 4 types de paireage suivants.

### Paieage avec le périphérique BLUETOOTH la première fois (paieage automatique)

**1** Faites glisser le commutateur POWER/HOLD en position POWER ON/OFF et maintenez-le ainsi jusqu'à ce que le témoin d'alimentation vert s'allume afin de mettre l'appareil sous tension.

If you cannot connect the unit, try the following.  
• Start the app on the smartphone, and move the smartphone slowly over the N mark of the unit.

• If the smartphone is in a case, remove it from the case.

### Listening and Calling

Operate the unit after making BLUETOOTH connection with your BLUETOOTH device.

### Listening to music

Profile: A2DP, AVRCP

Start playback on the BLUETOOTH device, and adjust the volume.

Set the volume at an appropriate level on the device connected, and adjust the volume with the VOL +/- buttons on the unit.

The VOL + button has a tactile dot.

### Paieage avec un 2e périphérique BLUETOOTH ou davantage (paieage manuel)

**1** Mettez l'appareil sous tension.

**2** Appuyez sur le bouton PAIRING et maintenez-le enfonce pendant 2 secondes environ jusqu'à ce que le témoin BLUETOOTH (bleu) commence à clignoter rapidement.

Operate your mobile phone to make a call.

To terminate a call, press the button on the unit.

Press the button on the unit when an incoming call arrives.

Operate in the same way when an incoming call arrives while you are listening to the music.

Exécutez les étapes 2 et 3 de la section « Paieage avec le périphérique BLUETOOTH la première fois (paieage automatique) ».

### Connexion au périphérique apparié

**1** Mettez l'appareil sous tension.

**2** Si le témoin BLUETOOTH (bleu) est éteint, appuyez une fois sur le bouton INPUT pour que le témoin BLUETOOTH (bleu) clignote.

**3** Vérifiez la connexion BLUETOOTH sur le périphérique BLUETOOTH.

### Connexion par simple contact avec un smartphone

Si vous touchez l'appareil avec un smartphone, il est automatiquement mis sous tension et effectue le paieage et la connexion BLUETOOTH.

NFC

NFC (Near Field Communication) est une technologie permettant d'établir une communication sans fil à courte portée entre divers périphériques, tels que des téléphones portables et des étiquettes électroniques. Grâce à la fonction NFC, la communication de données peut être réalisée facilement en touchant simplement le symbole pertinent ou l'emplacement désigné sur les périphériques compatibles avec NFC.

• Android est une marque de Google Inc.

• Other trademarks and trade names are those of their respective owners.

**Passer un appel/Recevoir un appel**  
Profil : HSP, HFP

Utilisez votre téléphone portable pour passer un appel.

Pour mettre fin à un appel, appuyez sur le bouton sur l'appareil.

Appuyez sur le bouton sur l'appareil lorsqu'un appel entrant se produit.

Procédez de la même façon lorsqu'un appel entrant se produit quand vous écoutez de la musique.

• The BLUETOOTH® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Sony Corporation is under license.

• N Mark est une marque commerciale ou une marque déposée de NFC Forum, Inc. aux États-Unis et dans d'autres pays.

• Android est une marque de Google Inc.

Haga una llamada con el teléfono móvil.  
Para finalizar la llamada, pulse el botón de la unidad.  
Cuando reciba una llamada, pulse el botón de la unidad.  
Repita las mismas operaciones cuando reciba una llamada mientras escucha música.

### Mitgelieferte Anleitungen

**Schnellstartanleitung (dieses Dokument)**  
Enthält Anweisungen, wie das Gerät mit BLUETOOTH-Geräten zu verbinden ist, und erläutert die Grundfunktionen.

**Referenzhandbuch**  
Enthält Sicherheitshinweise und die technischen Daten des Produkts.

**Hilfe**  
Lesen Sie die Hilfe auf Ihrem Computer oder Smartphone, wenn Sie mehr zur Verwendung des Geräts erfahren möchten. Die Hilfe enthält auch eine Fehleranleitung, in der die Behebung eventuell auftretender Probleme beschrieben wird.

URL:

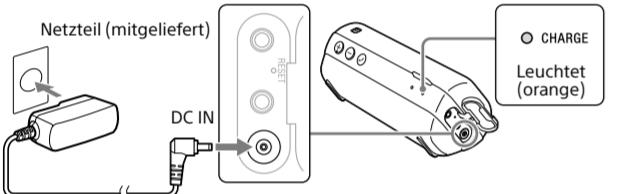

<http://rd1.sony.net/help/speaker/srs-bts50/zz>

Zweidimensionaler Code:

### Laden des Geräts

Dieses Gerät ist mit einem wiederaufladbaren Lithium-Ionen-Akkumulator ausgestattet. Laden Sie den Akku über das mitgelieferte Netzteil auf, bevor Sie das Gerät verwenden.

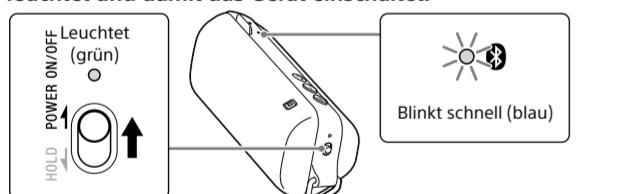

Der Ladevorgang beginnt, sobald das Gerät über das Netzteil mit einer Steckdose verbunden ist und die CHARGE-Anzeige (orange) leuchtet. Das Ladebild ist nach etwa 3 Stunden abgeschlossen, und die Anzeige erlischt.

### Pairing und Verbindung mit dem BLUETOOTH-Gerät

Wählen Sie Ihre Kopplungsart aus den unten stehenden 4 Möglichkeiten.

#### Erstmaliges Koppeln mit dem BLUETOOTH-Gerät (automatische Kopplung)

1 Schieben Sie den POWER/HOLD-Schalter auf POWER ON/OFF und halten ihn dort, bis die Betriebsanzeige in grün leuchtet und damit das Gerät einschaltet.

2 Führen Sie den Kopplungs-Prozess am BLUETOOTH-Gerät durch, so dass es dieses Gerät erkennt.

Wenn die Liste der erkannten Geräte im Display des BLUETOOTH-Geräts angezeigt wird, wählen Sie „SONY:SRS-BTS50“ aus. Wenn Sie im Display des BLUETOOTH-Geräts zur Eingabe eines Passworts aufgefordert werden, geben Sie „0000“ ein.

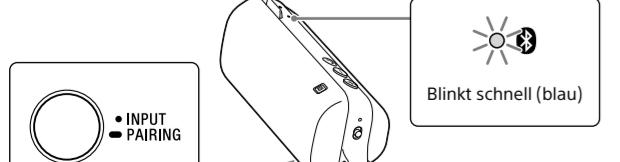

3 Stellen Sie über das BLUETOOTH-Gerät die BLUETOOTH-Verbindung her.

Wenn das Gerät mit dem BLUETOOTH-Gerät verbunden ist, hört die -Anzeige (blau) auf zu blinken und leuchtet stattdessen.

#### Koppeln mit einem 2. und weiteren BLUETOOTH-Geräten (manuelles Koppeln)

1 Schalten Sie das Gerät ein.

2 Drücken und halten Sie die PAIRING-Taste etwa 2 Sekunden gedrückt, bis die -Anzeige (blau) schnell zu blinken beginnt.

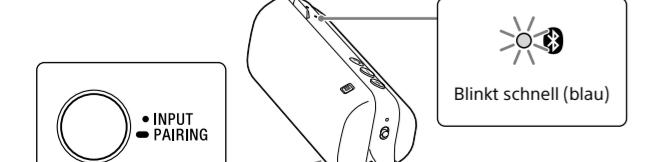

#### Anrufen/Entgegennehmen eines Anrufs

Profil: HSP, HFP

Starten Sie die Wiedergabe auf dem BLUETOOTH-Gerät und passen Sie die Lautstärke an.

Stellen Sie die Lautstärke am verbundenen Gerät auf einen geeigneten Pegel und passen Sie die Lautstärke mithilfe der Tasten VOL +/− auf diesem Gerät an.

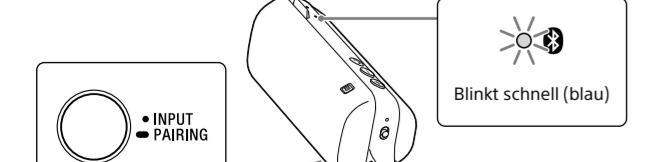

#### Wiedergeben von Musik

Profil: A2DP, AVRCP

Starten Sie die Wiedergabe auf dem BLUETOOTH-Gerät und passen Sie die Lautstärke an.

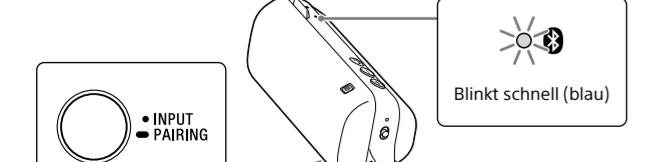

Stellen Sie die Lautstärke am verbundenen Gerät auf einen geeigneten Pegel und passen Sie die Lautstärke mithilfe der Tasten VOL +/− auf diesem Gerät an.

#### Koppeln mit der 2de en meer BLUETOOTH-apparaten (Handmatig koppelen)

1 Schakel het toestel in.

2 Houd de PAIRING-toets ongeveer 2 seconden ingedrukt totdat de -indicator (blauw) snel begint te knipperen.

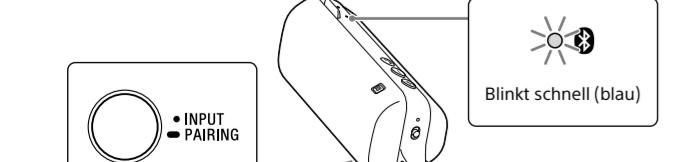

#### Anrufen/Entgegennehmen eines Anrufs

Profil: HSP, HFP

Starten Sie einen Anruf.

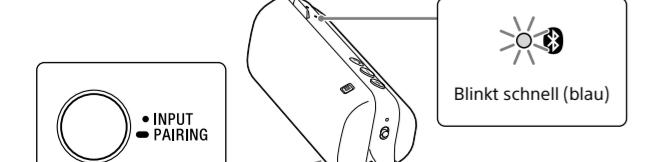

Drücken Sie zum Beenden eines Anrufs die -Taste am Gerät.

#### Verbindung zu dem Gerät herstellen, für das ein Pairing durchgeführt wurde

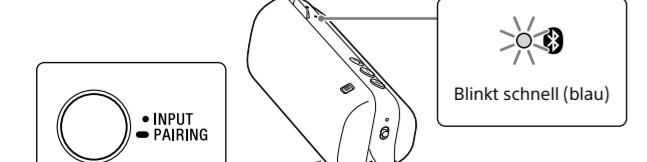

1 Schalten Sie das Gerät ein.

2 Wenn die -Anzeige (blau) nicht leuchtet, drücken Sie ein Mal auf die INPUT-Taste, damit die -Anzeige (blau) blinkt.

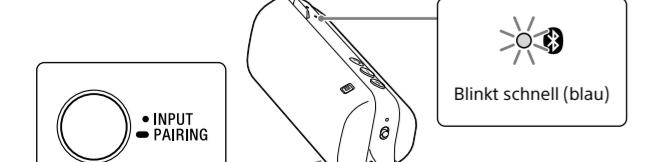

#### One-touch connection mit einem Smartphone

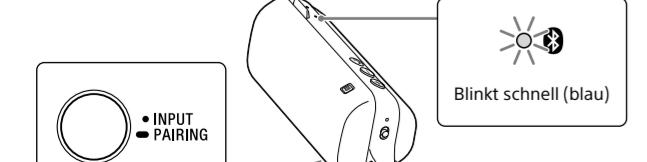

Durch die Berührung des Geräts mit einem Smartphone wird das Gerät automatisch eingeschaltet und beginnt dann mit dem Koppeln und dem Herstellen einer BLUETOOTH-Verbindung.

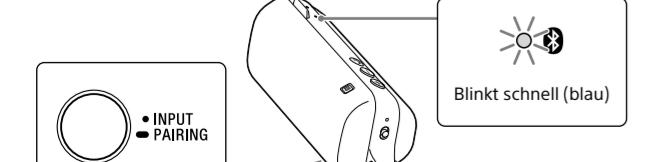

#### Nederlands

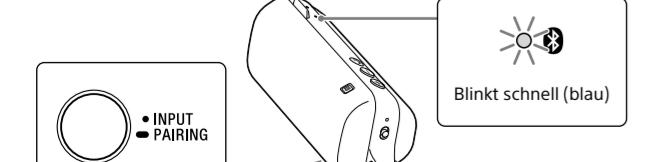

#### Geleverde handleidingen

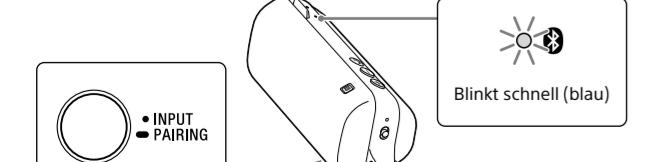

#### Introdutiehandleiding (dit document)

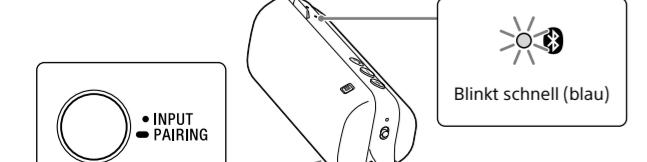

#### Naslaggids

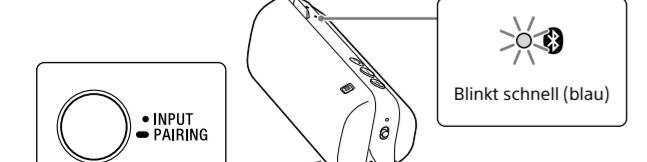

#### Help-gids

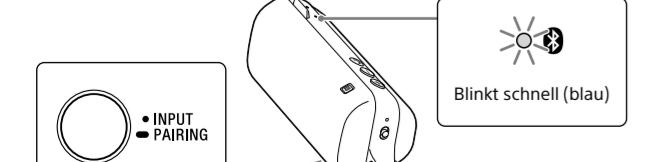

#### Het toestel opladen

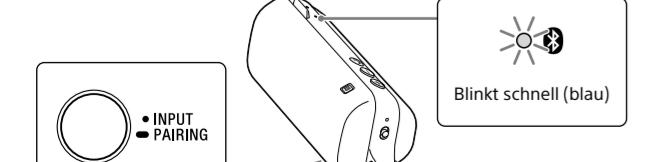

#### Koppelen en verbinden met het BLUETOOTH-apparaat

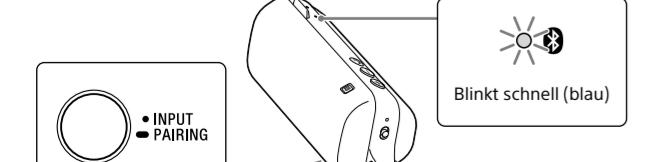

#### Voor het eerst koppelen met het BLUETOOTH-apparaat (Automatisch koppelen)

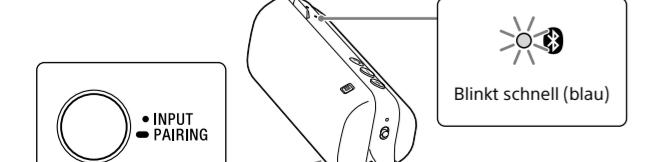

#### 1 Houd de POWER/HOLD-schakelaar ingedrukt en schuif naar POWER ON/OFF totdat de stroomindicator groen oplicht om dit toestel in te schakelen.

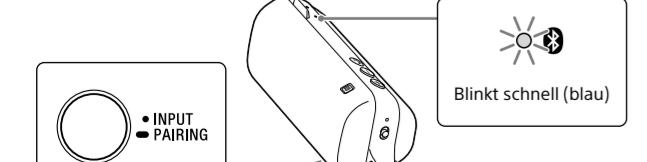

#### 2 Voer de koppelingsprocedure op het BLUETOOTH-apparaat uit om dit toestel te herkennen.

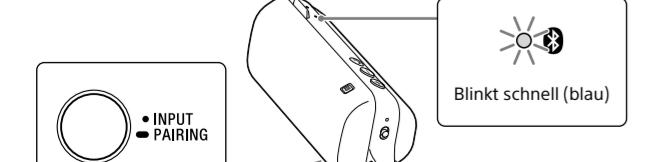

#### 3 Breng de BLUETOOTH-verbinding vanuit het BLUETOOTH-apparaat tot stand.

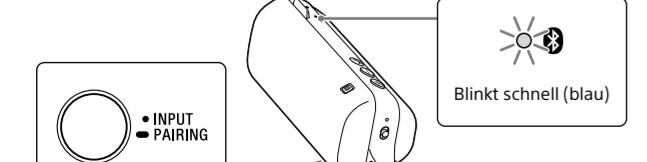

#### Een gesprek voeren/ontvangen

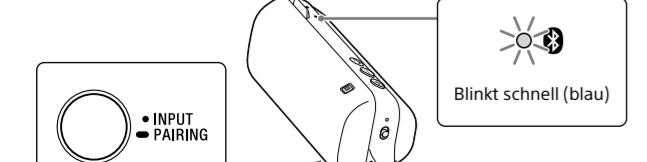

#### Koppelen met de 2de en meer BLUETOOTH-apparaten (Handmatig koppelen)

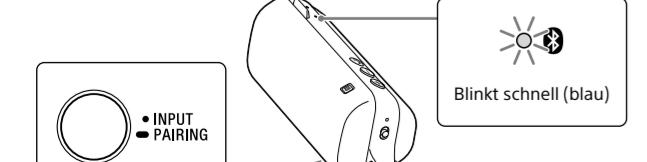

#### 1 Schakel het toestel in.

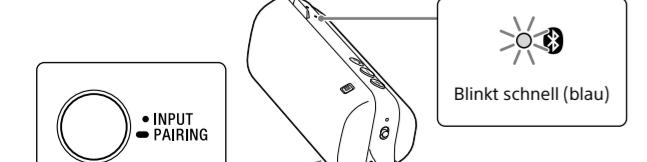

#### 2 Houd de PAIRING-toets ongeveer 2 seconden ingedrukt totdat de -indicator (blauw) snel begint te knipperen.

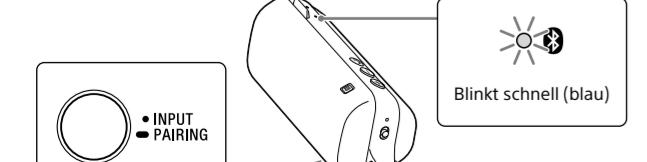

#### Verbinden met het gekoppelde apparaat

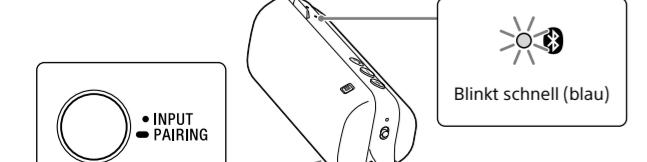

#### 1 Schakel het toestel in.

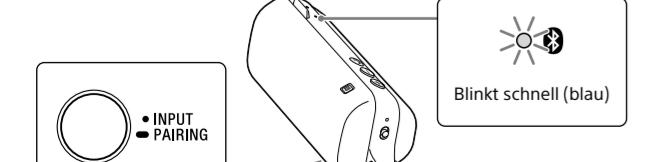

#### 2 Indien de -indicator (blauw) is gedoofd, drukt u eenmaal op de INPUT-toets zodat de -indicator (blauw) knippert.

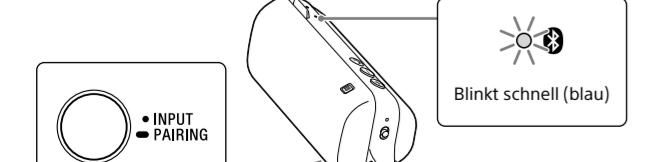

#### 3 Breng de BLUETOOTH-verbinding vanuit het BLUETOOTH-apparaat tot stand.

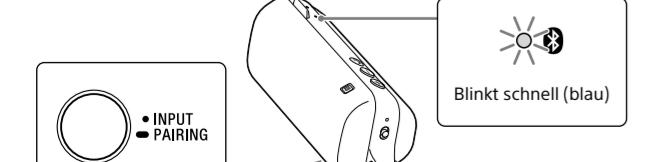

#### One-touch connection met een smartphone

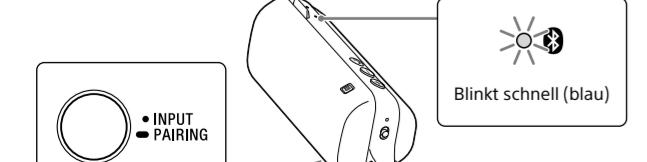

#### Wanneer het toestel wordt aangeraakt met een smartphone, schakelt het automatisch in waarna wordt gekoppeld en de BLUETOOTH-verbinding tot stand wordt gebracht.

#### Manuali forniti in dotazione

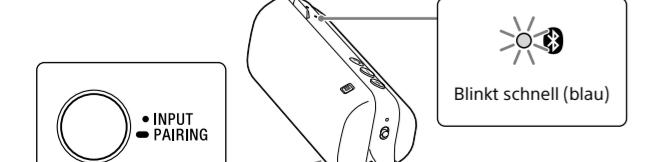

#### Guida rapida (il presente documento)

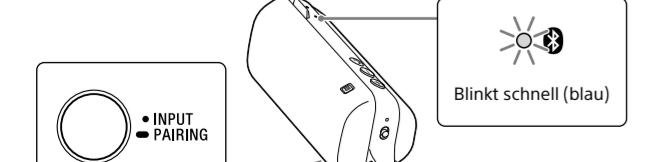

#### Guida di riferimento

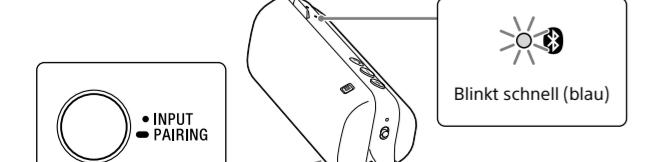

#### Guida

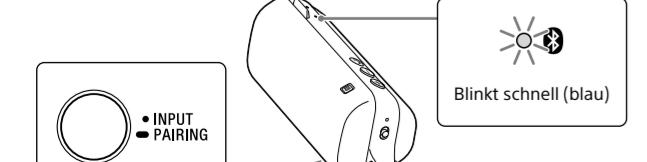

#### 1 Attivare la funzione NFC del smartphone.

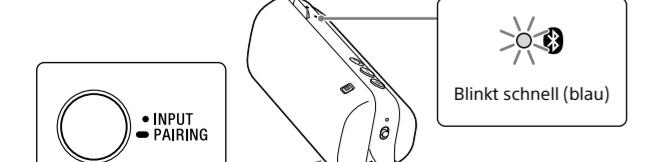

#### 2 Scaricare e installare l'applicazione "Connessione facile NFC".

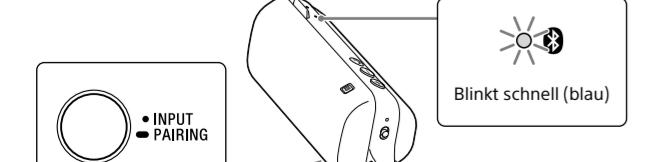

#### 3 Avviare l'applicazione "Connessione facile NFC" sullo smartphone.

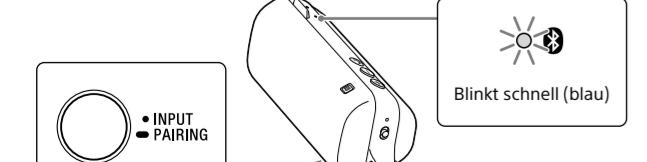

#### 4 Toccare il presente apparecchio con lo smartphone.

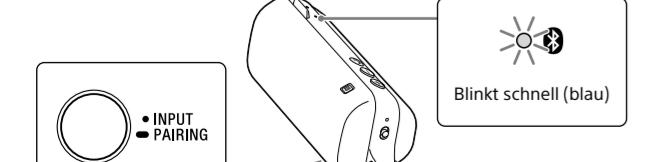

#### Nota

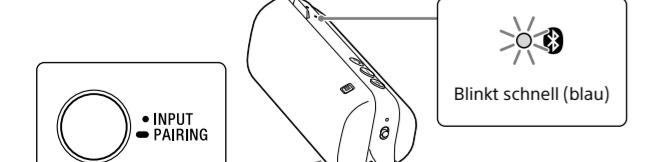

#### Avviare l'applicazione "Connessione facile NFC" sullo smartphone.

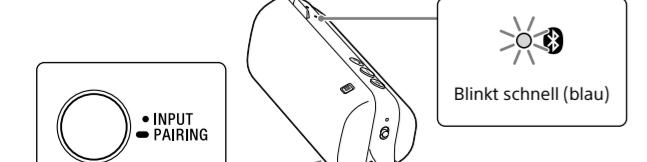

#### Associazione e connessione con il dispositivo BLUETOOTH

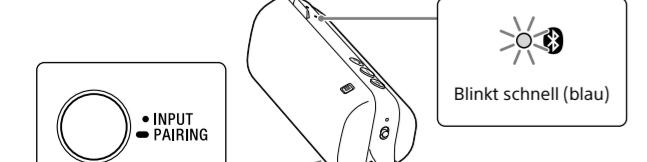

#### Associazione con il dispositivo BLUETOOTH per la prima volta (associazione automatica)

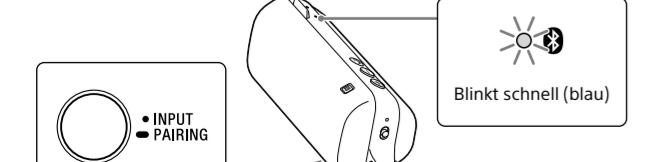

#### 1 Far scorrere e tenere in posizione l'interruttore POWER/HOLD su POWER ON/OFF fino a quando l'indicatore di accensione si illumina in verde, per accendere il presente apparecchio.

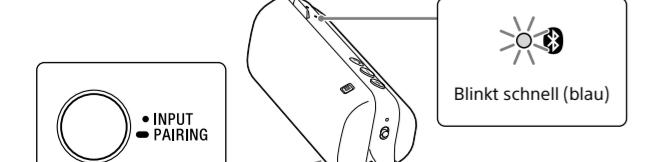

#### 2 Eseguire la procedura di associazione sul dispositivo BLUETOOTH per rilevare il presente apparecchio.

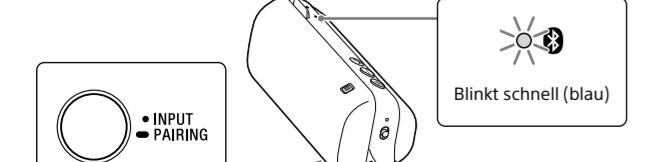

#### 3 Effettuare la connessione BLUETOOTH dal dispositivo BLUETOOTH.

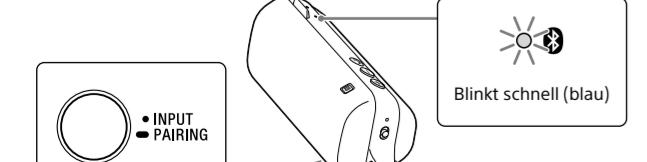

#### Associazione con un secondo o ulteriori dispositivi BLUETOOTH (associazione manuale)

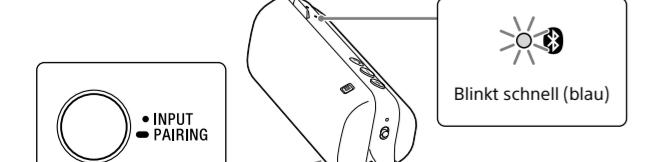

#### 1 Accendere l'apparecchio.

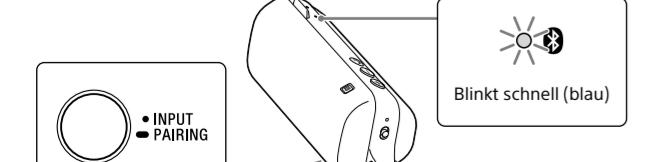

#### 2 Tenere premuto il pulsante PAIRING per circa 2 secondi, fino a quando l'indicatore (blu) inizia a lampeggiare rapidamente.

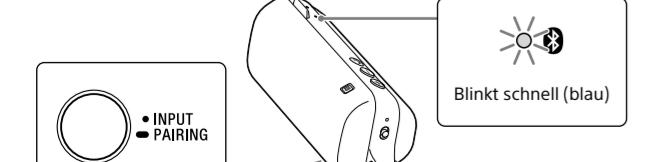

#### 3 Eseguire le operazioni 2 e 3 di "Associazione con il dispositivo BLUETOOTH per la prima volta (associazione automatica)".

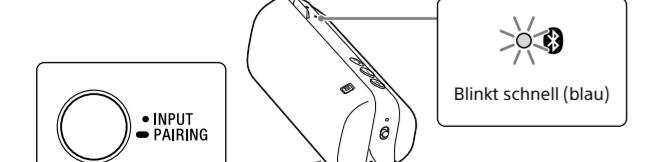

#### Connessione con il dispositivo associato

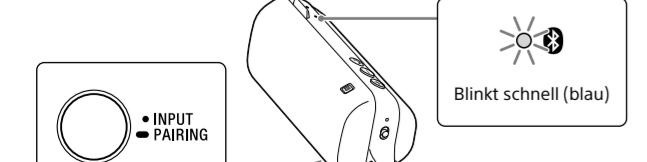

#### 1 Accendere l'apparecchio.

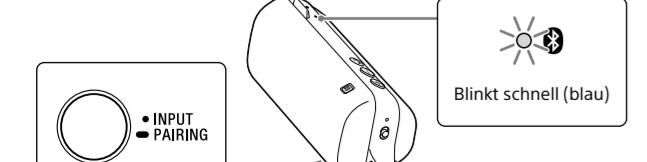

#### 2 Se l'indicatore (blu) è spento, premere una volta il pulsante INPUT per far lampeggiare l'indicatore (blu).

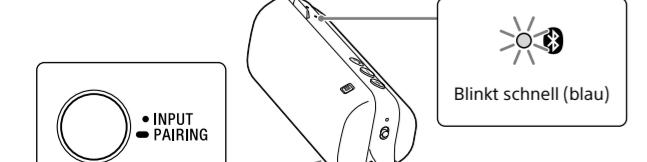

#### 3 Effettuare la connessione BLUETOOTH dal dispositivo BLUETOOTH.

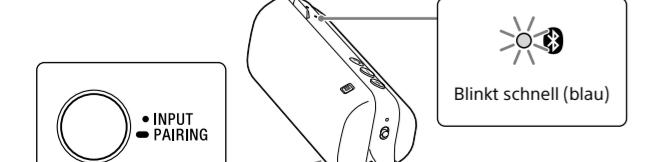

#### Connessione One touch con uno smartphone

#### Toccando l'apparecchio con uno smartphone, l'apparecchio si accende automaticamente, quindi procede con l'esecuzione dell'associazione e della connessione BLUETOOTH.

#### NFC

#### Il tecnologia NFC (Near Field Communication) è una tecnologia che consente la comunicazione senza fili a corto raggio tra variati dispositivi, ad esempio telefoni cellulari e "tag" con circuiti integrati. Grazie alla funzione NFC, è possibile stabilire facilmente la comunicazione dati semplicemente toccando il simbolo in questione o l'
